Dear

The decision on grass seeding, referred to in your letter of 15 March 1954, is being held in abeyance until further notice.

The seed mixture specified is based on recommendations of the Department of Agriculture for that particular area and is a Government standard that has been in use for many years. Therefore, if and when the funds are approved for seeding, it is suggested that the work be performed in accordance with the specifications.

Very truly yours,

25X1A9a
